and 0395

REVALIDATION 2

Dear Mayor Harris:

When a new National Flood Insurance Program (NFIP) map panel becomes effective, it automatically supersedes previously issued Letter of Map Change (LOMC) actions (i.e., Letters of Map Revision-based on Fill [LOMR-Fs] and Letters of Map Amendment [LOMAs]) that have been issued on that map panel, even if they are still valid and should apply to the new NFIP map as well. Because a revised NFIP map has been prepared for your community, it is necessary for the Federal Emergency Management Agency (FEMA) to take administrative action to prevent valid LOMR-Fs and LOMAs from being superseded. Accordingly, the purpose of this letter is to revalidate the determinations for properties and/or structures in your community as described in the LOMR-Fs and LOMAs previously issued by FEMA on the dates listed below. As of the above-referenced effective date, these LOMR-Fs and LOMAs will revise the effective NFIP map for the referenced community, dated September 30, 2004, and will remain in effect until superseded by a revision to the NFIP map panel on which the property is located. Please be advised, the revalidation letter effective January 29, 2001, case number 98-09-496V, has been superseded. All LOMR-Fs and LOMAs from that letter have been reviewed and have been incorporated into this revalidation letter if appropriate. The FEMA case numbers, when available, project identifiers, and Flood Insurance Rate Map (FIRM) numbers of the revalidated LOMR-Fs and LOMAs are listed in the attachment to this letter.

Because these revalidated LOMR-Fs and LOMAs will not be printed or distributed to primary map users, such as local insurance agents and mortgage lenders, your community will serve as a repository for these new data. We encourage you to disseminate the information reflected by this letter throughout your community so that interested persons, such as property owners, local insurance agents, and mortgage lenders, may benefit from the information.

If you feel a LOMC has been omitted from the list that should have been included, we encourage you to submit the LOMC for re-determination. When requesting a re-determination, we ask that a cover letter be sent along with a copy of the original determination letter to: FEMA Depot, 3601 Eisenhower Avenue, Alexandria, VA 22304-6425.

If you have any questions regarding this matter, please contact the FEMA Regional Office in San Francisco, California, at (415) 923-7175. Copies of previously issued LOMR-Fs and LOMAs, if needed, can be obtained by contacting the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP).

Sincerely,

Doug Bellomo, P.E., Acting Chief
 Hazard Identification Section, Mitigation Division
 Emergency Preparedness and Response Directorate
